

Spring Lake Park Recreation Department presents

# STARGAZING WITH MIKE LYNCH

Adults & Children ages 6 & up  
Friday, April 9, 2010

Join us for stargazing over Spring Lake Park with Mike Lynch, a broadcast meteorologist at WCCO Radio who has been teaching astronomy classes since 1973. At Mike's astronomy and stargazing class there is an indoor orientation of the night sky with maps and constellation diagrams provided, and then you will go outside and take in the beautiful celestial show going on over your head. Take a constellation tour and share some of the lore of Big Bear, Little Bear, Cassiopeia, and more. Large telescopes give you a closer view of the beauty in the night sky. Pre-register by 3/29/10

WHEN: Friday, Apr. 9 8-10 PM  
WHERE: Begins at Spring Lake Park City Hall  
Ends at Lakeside Lions Park  
FEE: \$10/person or \$20/family
